

# **Conversations about Gambling Mental Health First Aid**

The Conversations about Gambling course teaches participants how to provide initial support to another adult who may be experiencing gambling harm or a gambling-related mental health crisis, until professional help is received or the crisis resolves.

Course participants learn about the signs that may indicate a person is experiencing harm from their gambling, how to recognise and respond to suicidal thoughts and behaviours, and the interventions and supports available to encourage pathways to professional help.

#### **Intervene early**

Recognise the signs that indicate someone may be experiencing harm from their gambling.

### Respond in a crisis Respond to a person who may be at risk of experiencing gambling harm.

# Offer support

Learn the skills to have an open, supportive conversation about gambling harm.

### **Reduce stigma**

Reduce stigma and increase support for adults experiencing harm from their gambling.

#### Why attend a Mental Health First Aid training course?

# Improve knowledge

Evaluations consistently show that by attending a course, participants improve their knowledge of mental illnesses, their treatments and appropriate first aid strategies.

# Improve confidence

Course participants report improved confidence in providing first aid to individuals.

### What you'll learn

Using a practical, evidence-based action plan, participants learn how to approach someone they are concerned about and initiate a conversation about those concerns.

Participants also learn how to offer initial support and information to someone experiencing harm from their gambling and how to encourage the person to seek professional help or other supports.

#### **Duration and format**

Face-to-face

4 hours

Anyone can have a conversation that may save a life. Everyone should know how.

# 

It is well structured and informative around gambling harm and mental health. It is great to have programs such as this highlighting the issues and reducing the stigma associated with gambling harm.

All sessions are led by a Mental Health First Aid Australia trained and Licensed Instuctor Mental Health First Aid courses are delivered by a national network of more than 3,000 trained and Licensed Instructors. Individuals or small groups can sign up for a public course near you or online, while larger groups can find a Licensed Instructor to deliver private training in-house or at an agreed venue.

# Learning Outcomes

Upon completion of this course participants will be able to:

- Recognise the signs that indicate someone may be experiencing harm from their gambling
- Understand the prevalence of gambling problems in Australia
